

# MUHAMMAD FIKRI SIDQI

Frontend Engineer

Jakarta | fikrisidqis55@gmail.com | +6285158818468 | [linkedin.com/in/fikrisidqi](https://www.linkedin.com/in/fikrisidqi) | [upeek.is-a.dev](https://upeek.is-a.dev)

## SUMMARY

Frontend Engineer with 5+ years of experience building scalable, responsive web applications using React.js, Next.js, and TypeScript. Delivered enterprise-grade platforms for clients including Manulife, Zurich, and Badan Pertanahan Nasional (BPN) across recruitment systems, document management, e-government portals, and logistics tracking. Experienced in component architecture, design systems, SSR, performance optimization, REST API integration, and Agile delivery.

## CORE SKILLS

- **Frameworks & Languages:** React.js, Next.js, TypeScript, JavaScript
- **Styling & UI:** Tailwind CSS, Ant Design, Responsive UI, Design Systems
- **State & Data:** Redux, Zustand, React Query, REST API Integration
- **Engineering:** SSR, Code Splitting, Performance Optimization, Git, CI/CD, Agile/Scrum

## EXPERIENCE

### Quadrant Synergy International — Jakarta, Indonesia

#### Frontend Engineer *Jun 2022 – Present*

- Developed and maintained scalable web applications using React.js, Next.js, and TypeScript for enterprise insurance, government, and logistics clients.
- Modernized legacy frontend systems through refactoring, dependency upgrades, and migration to scalable React.js architecture.
- Built reusable UI components and design systems to accelerate development speed and improve consistency across multiple client projects.
- Implemented server-side rendering (SSR) and dynamic routing in Next.js to improve SEO and initial page performance for public-facing portals.
- Improved frontend performance and maintainability through code-splitting, dependency cleanup, and modular architecture.

#### Backend Developer *Dec 2020 – Jun 2022*

- Developed RESTful APIs using C# and .NET, gaining deep understanding of API contracts and authentication flows that directly informs frontend integration work.

## PROJECT HIGHLIGHTS

- **Manulife Mirecruit** – Web CMS & Candidate Portal for end-to-end agent recruitment process
- **Zurich Smart** – Internal insurance web application with dynamic form and API integrations
- **My Zurich Advisor** – CMS & Recruitment Process platform for insurance agent management
- **Cirrust** – Quadrant's Document Management & Workflow product, integrated across multiple client systems including Kansai
- **BPN e-Kantah** – Public-facing online land registration portal for Badan Pertanahan Nasional
- **Smart Courier** – Courier system with command center and customer-facing tracking portal
- **Liriq RFID** – Warehouse job-tracking web platform for monitoring job status and generating report

## EDUCATION

### Bina Nusantara University *2021 – 2025*

Bachelor of Computer Science (S.Kom.) — GPA: 3.63 / 4.00

## LANGUAGES

- Indonesian (Native)
- English (Professional Working Proficiency)
